March 6th, 2006

Dear Friend of Southern Heritage,

It is with the greatest personal excitement and anticipation that I write you this letter.

I have the pleasure and honor of announcing the beginning of the fundraising phase for the development of a unique and special piece of property at the major junction of Interstate 4 and Interstate 75, in Hillsborough County just outside Tampa, for the Flags Across Florida program.

This property is owned and controlled by the Florida Division, Sons of Confederate Veterans and actually abuts the interstate. Simply put, this is SCV private property! This interstate junction handles over 200,000 vehicles per day. The property has been under our control since shortly after it was purchased in January of 2004. It was given to the Florida Division by a very sympathetic donor who is also a member of the Sons of Confederate Veterans.

Since January 2004 we have meticulously done our work to acquire proper approval for site development from governmental planning and growth officials in Hillsborough County and to have the property legally zoned as a legal non-conforming plot for a "lighted public park". We have also obtained authorization from the FAA allowing and permitting the placement of a 139 foot flagpole.

This site will be developed as a park with parking in front, and a monument and flagpole area in the main section. We have engaged the services of an award-winning architect from the Tampa area to create for the SCV, a visually stunning and conceptually unique Confederate Veterans park. The park will feature inscribed walls for names of donors, and their ancestors, historical markers, and dedications, and will be complemented by artistically designed landscaping to form what we believe will become a focal point for Confederate-minded folk across the nation.

Rising out of the center of the site will be the crowning glory - a 139 foot flagpole which will fly a 30 x 50 foot Confederate Battle Flag with proper and sufficient lighting for nighttime illumination. The site will be dedicated to the Confederate Nation of 1861-1865, to its people, to its president, to the soldiers, sailors and marines of that nation and to the Cause of Freedom for which they fought.

This is your opportunity to be a part of this effort. Fundraising is on three levels:

1. Individual (name sponsor or ancestor) Inscriptions;
2. Memorial Marker Donations;
3. Corporate Donations.

If you have any questions concerning this program, please contact us at the number listed above.

This "Flags Across Florida" site, although owned by the Florida Division, will be self supporting. Funds raised for this site are kept in a dedicated bank account and are not commingled with any other funds. Oversight, control and development of this site is the responsibility of the Florida Division, SCV, and its local camps. Our mission, in this time of ceaseless attacks on our heritage, is to make certain that our community and our children never forget that the sacrifice and suffering of the Confederate people was for the highest and noblest of ideals.

Sincerely,

John W. Adams, Co-Chairman, Flags Across Florida

INSCRIPTION REQUEST: PLEASE PRINT

Name _____

Address _____

City _____ State _____ Zip _____

Phone Numbers _____ Email _____

Please PRINT the name(s) you want inscribed below. (Your name as a sponsor, other family or friends' names or ancestors' names and units)

1st inscription (\$100) _____

2nd inscription (\$100) _____

3rd inscription (\$100) _____

Please attach a sheet for additional inscriptions. Lines will be engraved EXACTLY as specified.

We reserve the right to use standard military title and unit abbreviations for consistency and spacing.

Amount Enclosed \$ _____

I cannot participate with an inscription, but I would like to help. Please accept my donation of \$ _____
